

*Dear Gledhill Staff and Parents,*

Let's show our kids that we can walk the talk and lug a mug! If you don't already drink from a **reuse-able mug**, we challenge you to make this one of your **New Year's Resolutions!!!!**

Do you love coffee or tea on the go? Canadians drink approximately 1.5 billion cups of coffee each year, millions of those in paper or foam cups. Most are not recycled. Using a reuse-able, insulated cup or mug is a simple solution to avoid wasting energy and an effective way to save our beautiful forests and natural spaces around the globe.

**Participate in our photo share and earn a chance to win a big beautiful bag of Mountain View Coffee beans.**

**If you lug a reuse-able mug,** please e-mail the Gledhill Eco-team:

**1. A photo of yourself enjoying your hot drink in your re-useable mug** to [Chantal.Leclerc@tdsb.on.ca](mailto:Chantal.Leclerc@tdsb.on.ca).

Please also include:

2. Your name,
3. Your child's name and room-number.

Your photo will be printed and displayed on for our Eco-Club bulletin board outside the main office of Gledhill. Photos will be accepted until January 26th and the draw-prize winners will be announced on January 29th.

Let's show our students at Gledhill that we are all making the effort to care for our beautiful planet! All staff are welcome to participate.
